

1969 Commer Highwayman

Rare in Canada (maybe one of only two)

Major restoration completed on the interior and exterior. Old interior totally removed and all rotten wood frames replaced, insulated and new fiber glass walls installed. New interior cabinets, counter tops built and installed. New two burner propane stove, fridge, portapotty, and LED lighting installed. A converter with battery charger for the house battery installed. Runs the 12 volt and 110 volt systems.

Originally from Ontario was driven 3,000 miles to B.C, in 2015. New 6 ply van tires installed before coming west.

1725cc engine. Electronic ignition Webber carb, K&N filter. Engine recently serviced with new plugs, plug wires, rotor. New rear brakes, clutch, release bearing installed 2016.

Vehicle in excellent condition.

Asking \$12,500 OBO
